

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

## PREFACE.

---

IN preparing a Revised Edition of the Latin-English part of this Dictionary, the aim has been so to adapt the work that it may be suited for the middle forms of public schools. It is above all intended to be a Dictionary of Classical Latin, and thus a large number of archaic, or post-Augustan words, have been omitted, while nearly all the important articles have been entirely rewritten, chiefly with the view of introducing a greater number of quotations to illustrate constructions and usage. The historical and geographical notices have been largely increased in number and lessened in size. Etymologies have been added, but mainly those of an unambitious kind. It is hoped that the considerable changes that have been made in type and classification will make the work more intelligible, and so more useful. The revision closely follows and in many points is based on the invaluable Dictionary of Professor Georges.\*

## SIGNS AND ABBREVIATIONS PECULIAR TO THE ENGLISH-LATIN SECTION.

---

I.—(a) Brackets ( ) enclosing the first syllable of a compound verb, denote that both the simple and compound forms of the verb are in use, as (*de*)*currere*. Lack of space, as a rule, has prevented the explanation of the difference in shades of meaning between the two forms. Where the student finds this a difficulty, a reference to the Latin-English section will at once relieve him. An English-Latin Dictionary serves its best purpose when it encourages the beginner to consult quotations from Roman authors in a good Latin Dictionary.

(b) Brackets enclosing a single letter denote that the word was written sometimes with and sometimes without that letter. Thus, *ex(s)pectare* shows that the two forms *exspectare* and *expectare* were both in use. The table at the beginning of Messrs. Lewis and Short's Latin Dictionary has frequently been consulted in respect to the spelling of doubtful words.

(c) Brackets enclosing a whole word denote that the word may be inserted or omitted according to the context. Thus for "tide," *aestus (maritimus)* implies that *aestus maritimus* is the full phrase, for which *aestus* alone may sometimes serve.

II.—Space has not allowed the insertion of much help in the way of declensions and conjugations, but the genitive of nouns in the fourth declension is given to distinguish them from those of the first. Where such a genitive occurs in a phrase, it is given thus, *aestus, -ūs, maritimus*. In a few other instances of doubtful words, genitives are also given.

III.—\* prefixed to a word denotes that it is of modern or very late Latin origin. † appended to a word denotes that it is only used, in the Classical period, by poets.

IV.—

*alq\** = *aliquis*

*alq†* = *aliquid*

*alcjs* = *alicujus*

*alci* = *alicui*

*alqm* = *aliquem*

*alqam* = *aliquam*

*alqo* = *aliquo*

*alqâ* = *aliquâ*

**Ante and Post Aug.** = used by writers before and after the time of Augustus.

**Circumloc.** = circumlocution.

**Class.** = Classical, i.e. belonging to the best period of Latin literature.

**Com.** = used by the comic poets.

**Comb.** = in combination.

**Eccl.** = used by the ecclesiastical writers. The asterisk (\*) is sometimes used to prevent a repetition of Eccl. after each of the derivatives in a single paragraph.

**Gram.** = used by the Latin grammarians.

**Inscrip.** = found in inscriptions.

**Jct.** = used by the Jurisconsults, or lawyers.

**Late ; very late** = used by authors after the Classical period.

**Med. Lat.** = Latin of the Middle Ages.

**Opp.** = in opposition to.

**V.—Abbreviations of the names of authors peculiar to the English-Latin section of the Dictionary.**

**Ammian.** Ammianus Marcellinus, historian, 4th cent. A.D.

**Cels.** A. Cornelius Celsus, writer on medicine, 1st cent. A.D.

**Curt.** Q. Curtius Rufus, historian, probably 1st cent. A.D.

**Linn.** Karl von Linné, or Linnaeus, modern botanist, 18th cent.

**Priso.** Priscianus, grammarian, 5th cent. A.D.

**Veget.** Flavius Renatus Vegetius, military writer, 4th cent. A.D.

**Val. Max.** Valerius Maximus, compiler of anecdotes, 1st cent. A.D.
